OVERVIEW

What is SchoolRefine?

SchoolRefine (SR) is a unified, role-aware school management platform that connects Administrators, Teachers, and Students under one roof. Every module is designed to reduce manual effort, improve transparency, and let educators focus on what matters most — teaching and learning.

ROLE-BASED ACCESS

Who Can Access What?

SchoolRefine enforces three distinct permission levels. Each role sees only what is relevant to them, keeping the experience clean and secure.

Admin	Full platform — all modules	All 10 modules
Teacher	Profile · About School · Assigned modules	Dashboard, Teachers Tree, Timetable, Exam Calendar, Marks Entry, Report Cards, Question Paper
Student	Profile · About School · Practice Papers (bonus page)	Dashboard, Timetable, Exam Calendar
